A screenshot of the Solar Wallet application interface. The window title is 'Solar Wallet'. The main header is blue and contains a back arrow, the text 'Hanover Admin', and an edit icon. Below the header is a white card with a toggle switch for 'Password protection' (which is turned on) and the text 'Your secret key will be encrypted'. Underneath are two password input fields: 'PASSWORD' and 'REPEAT PASSWORD', both with masked characters and eye icons. At the bottom right of the card is a blue button with a checkmark and the text 'CREATE ACCOUNT'.

You will be creating two accounts. One will be your ADMIN account and one will be your DISTRO account.

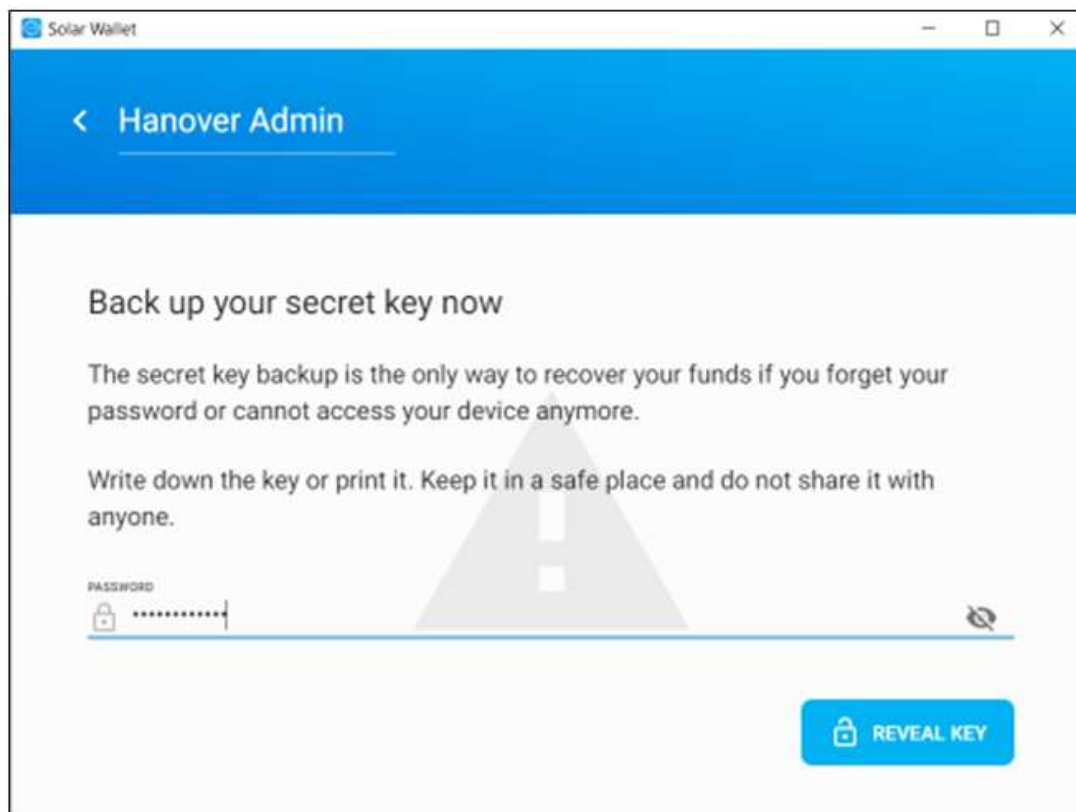

Your ADMIN account will be your administrator account that pays for GGHP services and transfers funds to the DISTRO account.

Your DISTRO account will have limited funds, but will be made available to your coaches or staff.

Name your ADMIN Account on the top of the form and create a password. Once complete, CREATE ACCOUNT.

The SECRET KEY will allow whoever has that SECRET KEY to open the wallet with any other Stellar application or website.

Ensure you are prepared to record the SECRET KEY.

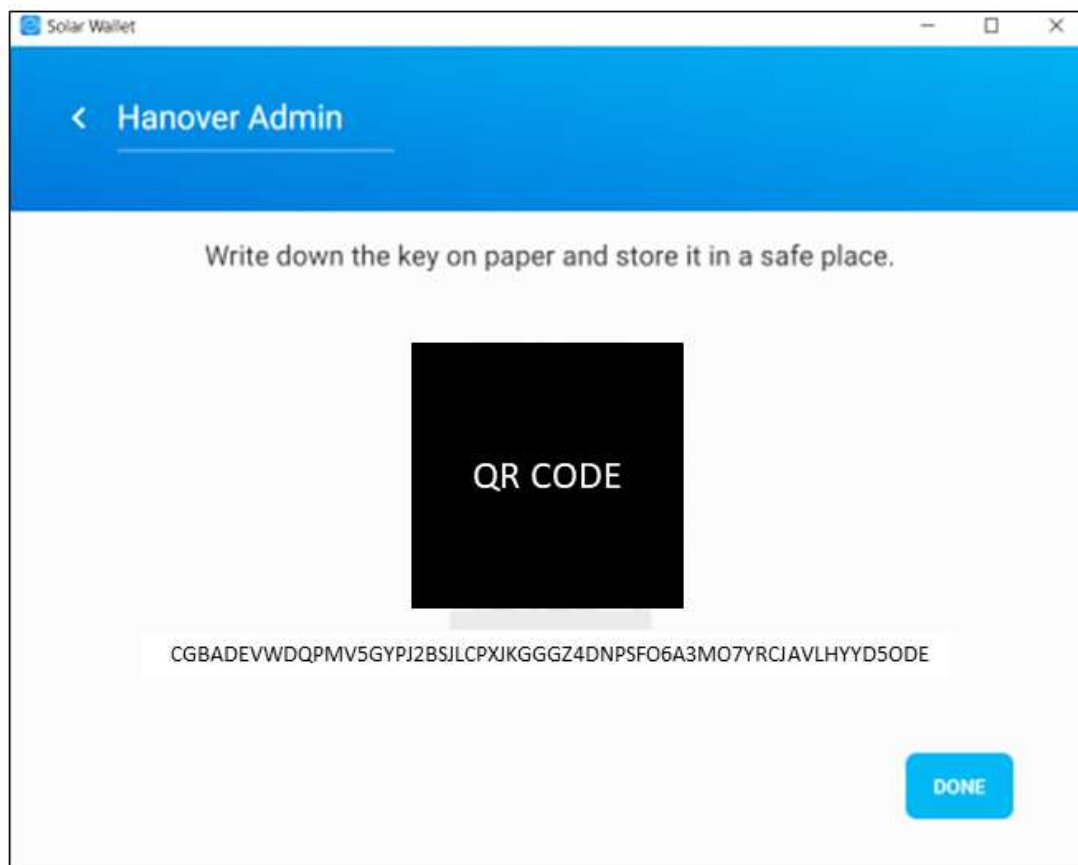

It is recommended you write down the SECRET KEY and store it somewhere safe.

Storing the SECRET KEY in digital format and unencrypted can be a liability.

Enter the password you just created and select REVEAL KEY.

You can now see you have two wallets (ADMIN and DISTRO). Now we will work to add XLM (Stellar Lumens) to your wallet so you can buy the subscription to having your program on the GGHP Token website. Select ADMIN WALLET.

LOCATION ON-BOARDING

This process uses a third party to fund your ADMIN wallet with XLM for the subscription payment.

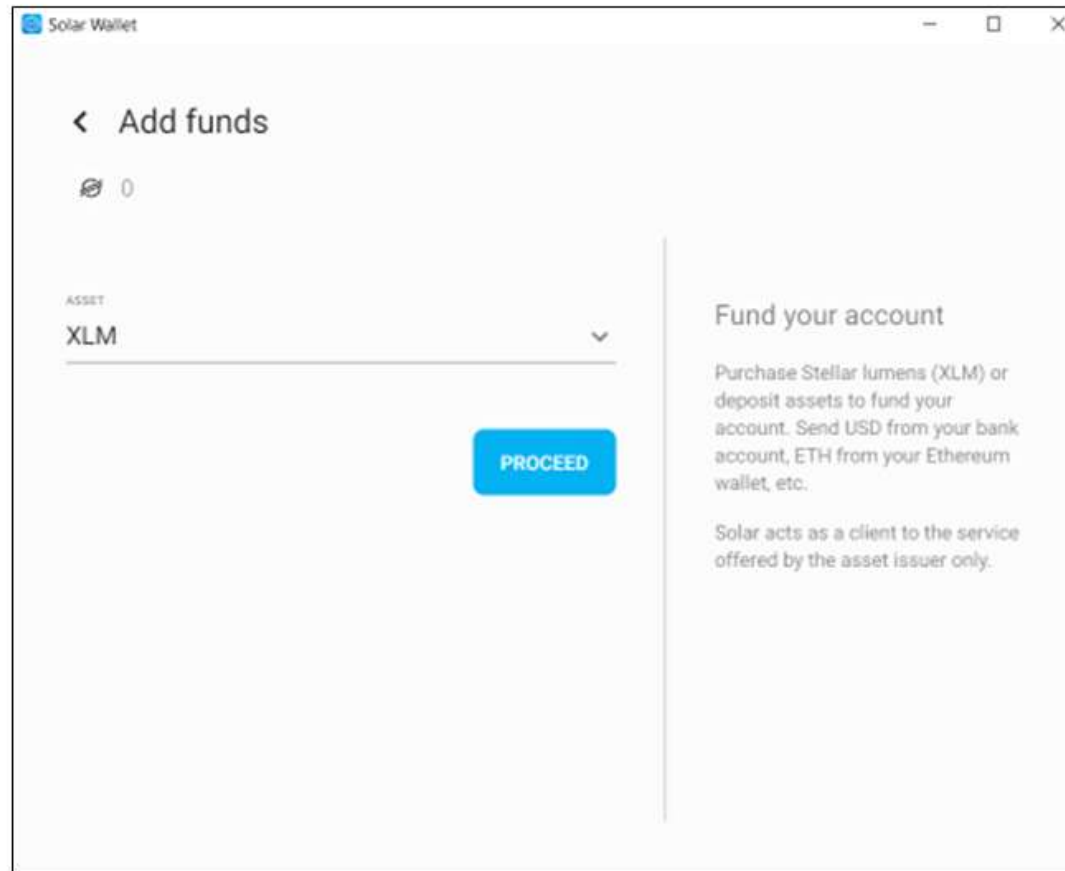

If you are already familiar with Crypto and have a major exchange account (Coinbase, Kraken, etc...), you can simply send XLM to your wallet to fund it and skip to SEND steps.

If you are new to Crypto, follow the instructions to fund your wallet.

To fund your wallet from a bank account or credit card, select Deposit funds.

A screenshot of a mobile application interface for buying XLM. The title is "Buy XLM". Below it, there is a section "I want to spend" with a text input field containing "30" and a dropdown menu showing "USD" with a US flag icon. Below that is a "Summary" section with a refresh icon and the text "Quote updates in 4s". A summary box displays "You get 223 XLM for \$30.00". At the bottom, there is a large purple "Continue" button with a right-pointing arrow. Below the button, there is a small text link: "By continuing you agree to our cookie policy."

You will be provided a subscription invoice which will indicate the number of XLM requested for the subscription and a no later than time to submit that transaction.

Due to the fluctuating prices of Crypto and the USD, it is recommended submitting the payment as close to the time the invoice is received as possible to avoid overpayment.

Adjust the USD amount to equal the invoice XLM requested.

You may also want to purchase extra XLM. XLM will be required to purchase GGHP tokens once subscribed.

Enter the amount of US Dollars you want to exchange for XLM. In this example, \$30 will exchange for 223 XLM based on the current exchange rate. Click CONTINUE once done.

Every transaction requires a flat fee of .0001 XLM. Therefore, anytime you send funds, you need to make sure you have at least some XLM in your wallet.

It is recommended you fund and leave at least a couple XLM in every wallet you setup to support transactions.

Once transaction is complete, you should have record of the transaction, and show the XLM sent no longer in your account balance.

CONGRATULATIONS!

You have started your journey with GGHP. A GGHP Support representative will be in touch soon about finalizing your account setup once the transaction is confirmed. Welcome to the community where
“Every GG amps your HP!”
